Subject: RE: Proposed Duke Energy power lines.

Dear Ms. Fennell,

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. Your email will become a part of ND-2015-20-E - Duke Energy Carolinas: Foothills Transmission and Substation Project- 45-Mile Transmission Line Between Asheville, NC, Power Plant and New Substation Near Campobello, SC, and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Coordinator

Subject: Proposed Duke Energy power lines.

I write in opposition to the power lines Duke Energy is advocating that will cross and deface beautiful mountain property. It is time for them to find an alternate route...maybe using existing right of ways. These new lines will lower property values, destroy scenic views, and just plain look ugly. I am against the Foothills Transmission and Substation project. Please make Duke Energy go back to the drawing board and find another solution.

Sincerely,
Sharon Fennell
